About RubyConf Taiwan

RubyConf Taiwan (<http://rubyconf.tw>) is the only and biggest Ruby international conference held by Ruby Taiwan community. This is the 6th RubyConf Taiwan, where world renowned Ruby developers are invited to share their experiences on this Island.

Features of RubyConf Taiwan

► The most internationalized programming tech conf!

Since its debut, RubyConf Taiwan has gained participation from all over the world. Speakers other than Keynote Speaker came at their own expense. We have been providing simultaneous interpretation service to foreign audiences since 2014.

► Special Add-on Events!

RubyConf Taiwan brings you more than just conference and official party! In 2014, We held a special talk featuring famous developers both from abroad and in Taiwan to talk about females in programming history and why girls should code and its future development.

This Year's Keynote Speaker

About Ruby Taiwan Community

Organizers : Mu-Fan Teng, Eddie Kao

Ruby Taiwan Community was founded in 2008. Focusing on fostering the Ruby programming language and the robust developers that has sprung up around it. Ruby Taiwan community is to bring together Rubyists in Taiwan to discuss emerging ideas, collaborate, and socialize.

In September 2013, Rails Girls Taipei workshop was initiated by the community members to promote gender equality in Taiwan's technology community. Rails Girls Taipei has brought more than 200 girls into the world of Ruby and Rails, and will be held for the 7th time this summer.
